As neighbors, in an large scale emergency, we may be each other's first responders. Preparedness can seem like an overwhelming task. How do you eat an elephant? One bite at a time. We are kicking off a program where we get ready together. Each month we will provide guidance from official and trusted resources and a get ready task for each month. We will cover important documents, supplies, utilities, go to resources, pet needs, and a lot of other things.

Besides our monthly newsletters, you can use this Facebook page to post questions, suggestions or make offers: [facebook.com/GoldenMesaView](https://www.facebook.com/GoldenMesaView)

This month's task is mobile preparedness. The goal is to have a bag that you keep in your primary vehicle so if you are away from home, you have basic supplies. The graphic has suggestions, you don't have to have everything. Definitely make sure you have shoes and appropriate clothing in your trunk.

For those of you who have gently-used backpacks from your kids and are willing to pass them on, let us know or post on the Facebook page.
